Description	<p>In Mother Teresa College Of Pharmacy we had conducted a Skill development program on “SOFT SKILLS AND INTERPERSONAL SKILLS” on 15.02.2023 at 10 Am in Seminar hall. In this occasion students and teaching staff actively participated in this program.</p> <p>The workshop is a way to teach students "soft skills" that will help them pass entrance exams for jobs.</p> <p>The session was started by a resource person, who then took over and gave a lecture on how to be a good leader. He then went on to talk about how important leadership skills are at different places of work. The next part of the session was about communication skills. Strategies for improving communication were shown, which led to good results in all areas.</p> <p>The main goal has been to improve the student's ability to talk to people and do well in interviews.</p> <p>The students were thrilled with the new ideas and suggestions that the guest speaker brought up. He talked about some of the important milestones that great leaders have reached with the help of soft skills. He also talked about how all the students should now be ready to make sure they have good leadership skills. As he talked more about how leadership and soft skills are important for getting a job, the session got more useful. Take part in a spontaneous jam session, group discussions, debates, and other activities that help students interact with each other and grow.</p> <p>His main focus was on helping students improve their communication and soft skills, as well as their employability skills, which would help them do better in college.</p> <p>At the end of the workshop, our respected Principal. He was grateful for the helpful information the resource person gave, and he thought it was great that the college put together such a knowledgeable and informative session. Lastly, the person in charge of the workshop thanked the college's management for always being there for them and for encouraging them to go to such helpful sessions. Students liked the workshop and learned a lot from it.</p>

Description	<p>Mother Teresa College of Pharmacy we had conducted a Skill development program on "RESUME WRITING" on 02.03.2020 at 10 Am in Seminar hall. In this occasion students and teaching staff actively participated in this program.</p> <p>In this our principal Dr V Kiran Kumar Garu delivered a few words regarding the importance of Resume Writing Skills. A resume objective is a short introduction of you and your career goals. To write a resume objective, mention the job title you want, add 2-3 key skills, and explain what you want to achieve in this job. Write 2-3 sentences. Resume objectives are best for candidates with little work experience. A resume objective is an eye-catching statement of your career intent that's placed on top of your resume. The resume objective provides a 2-3 sentence snapshot of your professional experience, skills, and achievements, and explains why they make you the right candidate for the job".</p> <p>In this programme 170 students and teaching staff participated and made the program success.</p>
